1. Stronger Together Programme

[Community Southwark](#) is delivering a two-year programme of practical support and advice for Lambeth-based voluntary and community organisations funded by [The London Community Foundation](#) (LCF) as part of the Lambeth Community Fund, from February 2017 until April 2019.

Under the theme, 'Stronger Together', LCF aim to strengthen and build the capacity of local organisations, increasing skills and knowledge of staff and volunteers in order to improve service delivery and increase sustainability. They also hope to encourage collaboration between the third, public and private sectors within the borough.

This programme of support will be provided by Community Southwark entirely free of charge and all voluntary and community organisations, including social enterprises, based in Lambeth are eligible to take part. The programme is particularly aimed at small community groups and those which are not yet formally established. This is a unique opportunity to gain expert support and advice to help with fundraising; business planning; marketing; financial management; and governance and leadership.

The programme of support will include:

- 1:1 Support
- Training
- Small Groups Network
- Access to Community Southwark membership, resources and other Southwark based activities.

To find out more about the programme, request support, or if you know of a group that would benefit from this free support, please email Graham Collins or Deborah Hayman at development@communitysouthwark.org or call them on 020 7358 7011.

3. Training Programme

We will be delivering our three most popular training sessions: our 'Made easy' suite of training twice a year over both years of the programme:

- **Fundraising Made Easy:** [Tuesday 16th May 2017, 10.15am - 4.45pm](#)
- **Governance made Easy:** [Monday 12th June 2017, 10am - 2pm](#)
- **Finance Made Easy:** [Tuesday 11th July 2017, 10am - 4.30pm](#)

To book a place on the training simply click on the links above and fill in the Eventbrite form.

You are also welcome to take a look and book a place or two on our full training programme delivered in Southwark: <http://communitysouthwark.org/training>

One session you really don't want to miss is [Cyber Safe Southwark: How to be a digitally savvy organisation](#). This session will cover a whole range of issues around the digital world including data protection laws; good practice around using and storing information and tips on protecting your organization against hacking and viruses.

These issues are becoming more of a problem as we go ever more digital and it effects all shapes and sizes of organisations: smaller organisations have been hacked recently with all of their work and data being held for ransom of £400 to be paid through Bitcoin - not only could you lose all your work if you can't afford to pay or decide not to pay but new regulations mean you could also be fined for this breach of security!

4. Free Small Groups Network

A quarterly network specifically for groups and organisations with less than £30k income. The meetings will be created for you and by you - we will be asking what you would like to talk about, what guest speakers or topics you would want to hear about etc. and we will arrange these evening networks to cover the topics you choose in venues across Lambeth.

The second Small Groups Network will take place on [Thursday 22 June 2017, 6-9pm](#). So book your place now.

The first session covered your ideas for what you would like to happen at the sessions so we are in the process of organising some exciting speakers and activities. Watch this space for more information on the venue and agenda.

5. News from the sector

Petition and Meeting to Re-Open Camberwell Station

Help re-open Camberwell Station on Denmark Road.

Camberwell SE5 is an area of London that is badly served for public transport. When TfL consulted in 2014 about extending the Bakerloo line through Camberwell, a big majority of responses favoured this option, but the tube route went elsewhere.

- The lack of access is holding back our local economy and businesses.
- Compared to other major hospitals in London, getting to Kings College Hospital and the Maudsley, is challenging for staff, patients and families
- One of our principal routes to and from Central London is the Walworth Rd, which is so congested with traffic that people who can walk find it faster than taking the bus.

Priority Action for Camberwell (PACT) is a grassroots community organisation campaigning for better transport. Join us in calling on the Secretary of State for Transport, to provide public and practical support for the Camberwell Station project, working with the London Borough of Southwark and other stakeholders.

7. Saving money

Finding grant funding is not the only way to make income: there are plenty of other options including making savings. There are lots of ways you can try to make savings, just like in the home, by switching suppliers as well as pro-bono support.

First, make sure that you:

- check you are getting the best rates on gas, electric, water, insurance etc.
- tap into free energy audits and energy improvement systems
- check whether a franking machine is better value if you send a lot of letters
- can you use e-mail instead of sending letters?
- If you travel a lot for work, share car journeys
- check if train/bus fares are cheaper than car travel but factor in your time
- shop around for minibus hire
- buy in bulk or share with someone else to get best value
- if you use equipment such as projectors etc. rarely, see if it is cheaper to hire them
- can you tap into cheap photocopying at the local library, for example?
- check on local recycling organisations - donate and buy
- Look out for in-kind support

There are several companies that provide very good services to voluntary sector for utilities etc. Generally, it is better to go with a good photocopier contract than to buy a new one (but this may depend on whether you own the premises you are in or are renting; what does your lease include etc.

Photocopiers

Ricoh have proved themselves to offer a very good service.

'In Kind Direct' provide a range of free or very cheap products to charities - you just sign up to receive their monthly bulletin with that month's offers. They also work with Ricoh on supplying refurbished photocopiers: <https://www.inkinddirect.org/photocopiers>

In Kind Direct have a partnership with Ricoh to offer refurbished photocopiers. In Kind Direct is a company that passes on a huge range of free surplus products to charities (not just photocopiers) - you just sign up to them.

Another organisation you could try is Copycare; they do a photocopying leasing service for charities: <http://www.copycare.co/charities/>

This website looks at the pros and cons of whether to lease or buy a photocopier, and links charities to a charity supplier. They have a partnership with NCVO so should be reputable. There may be hidden signing up charges; but I am not sure, so it is worth reading the small print: <http://photocopiers.expertmarket.co.uk/photocopiers-for-charities>

And another useful article on photocopiers for charities: <http://www.photocopierprices.com/photocopiers-for-charities/>

Phones

An excellent service to give you very reduced phone bills is Third Sector Telecom: <http://www.3rdsectortelecom.com/>

Utilities

Utility Aid work with charities to get reduced utilities: <http://www.utility-aid.co.uk/>
