5:30pm - 6pm: Performance
6pm: Sign out and depart

Workshops

Design

Participants are invited to work alongside designer [Hannah Wolfe](#) on set and costume design, responding to mood boards and leading on costume collage and scenic painting to create the endlessly boring world of Mum Mouse's flat and designs for her annoying friends Toad, Horse, Duck and Pig, as well as developing the exciting, subversive alternative life of Mrs Cat.

Choreography

Participants will work with choreographer [Yael Loewenstein](#) on chorus movement, exploring inner animal qualities, and how we can express frustration, anger and transgression through movement.

Creative Translation

In partnership with the [Stephen Spender Trust](#), participants will work with writer, educator and Russian specialist [Sophie Lau](#), in creative translation workshops which will open up the original Russian text through the creation of contemporary new versions of this short story.

Food

Participants will work with [Urban Growth](#) on 'make and take' growing activities and a workshop which opens up debate and discussion around food production in the 21st century.
