

Our Consultancy Offer for the voluntary and community sector

A bespoke service tailored to your needs

“

Having been involved in similar exercises in the past I would like to say that your facilitation skills and professional knowledge are excellent and would certainly recommend you to other organisations, it was money well spent.

WHO WE WORK WITH

1st Place

Community Southwark delivered a half day workshop for The Haemophilia Society on the legal responsibilities of trustees as well as how a trustee board can work together effectively.

"Community Southwark was able to adapt to our particular needs and made the day interesting, on a fairly dry subject. It was a really positive day which covered all the important elements of being a trustee, roles and responsibilities. Booking was easy and stress free. Thank you. "

OUR COSTS

- Our discounted rate for voluntary and community groups based in Southwark is £400 +VAT plus any project delivery costs such as costs associated with running a workshop or paying for community engagement.
- We'll work with you to agree a budget and develop a proposal.
- The total cost will depend on the project and the number of days required.
