

Know a local organisation or community group who need extra support? **We can help**

How can we help?

Our service provides a simple way for local organisations to request additional support to meet the needs of their community.

We hope you will not need us, but we're here if you do.

We can **deliver support across England**

Types of support

Transportation and delivery, DBS checked volunteers and specialist advice are among the types of support we can offer.

Recent examples of support we've provided locally include:

Provided nearly **30 tonnes of food** to foodbanks across the South West, enough food for **67,000 meals**

Carried out **over 1,000 Covid-19 tests** at care homes across Lancashire

Over **800kg of food** provided to Leominster food bank

Conducted **health assessments** of people experiencing homelessness, at hotels across London

Helping to **direct members of the public** arriving at a medical centre in Nottingham

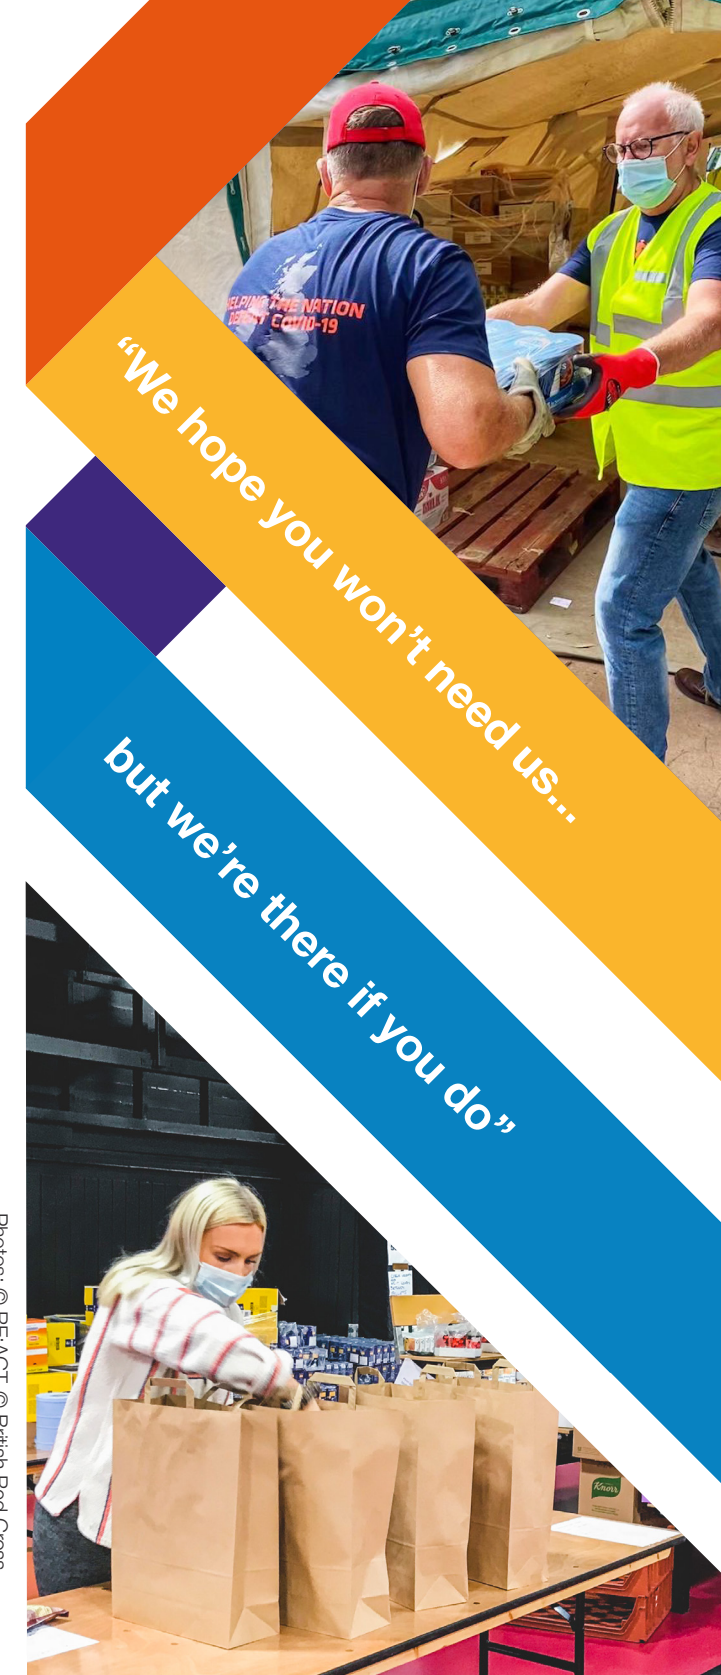

If your organisation needs something different please get in touch.

How to request support

Any organisation can request support at vcsep.org.uk

Have questions about this service? Get in touch at vcsep@redcross.org.uk or visit vcsep.org.uk for more information.
